

Mendocino College

COURSE LEVEL STUDENT LEARNING OUTCOMES

Effective Date: _____

9/13/07

Title: Field Ecology **Discipline/Number:** NRS 100
(limit to 50 characters including spaces)

Instructor Contact: Steve Cardimona **Date Submitted /Modified:** 8/24/07

Units Min:	1	Units Max:	2	Lecture Hours:	0	Lab Hours:	1-2
<i>If this is a variable unit course, the relationship between earned units and any difference in expected SLOs should be explained.</i>							
With 2 units, more varied experiences are offered, with correspondingly more in-class discussions and field applications.							

Student Learning Outcomes:

1. Students will be able to identify and distinguish between key scientific concepts they have been introduced to in the field, as measured by class discussion participation and their field notes.
2. Students will be able to apply scientific principals to examine and analyze different types of scientific data as measured by field activity participation and their field notes.
