

Mendocino College

COURSE LEVEL STUDENT LEARNING OUTCOMES

Effective Date: _____

9/13/07

Title: Introduction to Field Ecology
(limit to 50 characters including spaces)

Discipline/Number: NRS 33

Instructor Contact: Steve Cardimona

Date Submitted /Modified: 8/24/07

Units Min:	1	Units Max:	2	Lecture Hours:	0	Lab Hours:	1-2
<i>If this is a variable unit course, the relationship between earned units and any difference in expected SLOs should be explained.</i>							
With 2 units, more varied experiences are offered, with correspondingly more in-class discussions and field applications.							

Student Learning Outcomes:

1. Students will be able to distinguish between key scientific concepts they have been introduced to in the field, as measured by class discussion participation.
2. Students will be able to apply scientific principals to collect and examine different types of scientific data as measured by field activity participation.
