

# Mendocino College

COURSE LEVEL STUDENT LEARNING OUTCOMES

Term Effective: (i.e. F2007)

F-2007

Title: Psychology of Gender Discipline/Number: PSY220  
*(limit to 50 characters including spaces)*

Instructor Contact: Catherine Indermill Date Submitted /Modified: 12/20/07

Units Min: 3	Units Max: 3	Lecture Hours: 3	Lab Hours:
If this is a variable unit course, the relationship between earned units and any difference in expected SLOs should be explained.			

### Student Learning Outcomes:

1. Distinguish between *sex* and *gender*.
2. Track the historical establishment of gender stereotypes.
3. Recognize that there are numerous factors that influence gendered behavior (e.g., media, books, family, school).
4. Establish and support a *minimalist* or *maximalist* view point.
5. Identify the ways in which men and women have changed through history.
6. Identify and understand personal gendered behaviors.
7. Understand gender development and identification from various psychological perspectives (e.g., Psychoanalytical, Humanistic, Cognitive).
8. Determine when and/or if gendered behaviors may be adaptive or maladaptive.
9. Understand how our current society has been shaped by historical milestones.
10. Understand the reasons for gendered behaviors from various viewpoints.
