THEATRE ARTS DEPARTMENT PROGRAM LEVEL SUMMARY:

Through sequential study in theatre arts / dance and through completion of the college's AA degree programs in these areas, students develop the ability to articulate on a theoretical level and utilize on a practical level effective creative processes for the creation and performance of works of theatre and dance. In addition, students learn to analyze performances in the context of theatre / dance history, theory, and practice. Study of theatre and dance also equips students with alternate methods of exploration and problem solving that are useful in multiple disciplines.

PROGRAM LEVEL SLOs FOR THEATRE ARTS / DANCE:

After completing a two year course of study in theatre and / or dance at Mendocino College, students will be able to:

1. Express ideas and feelings creatively through the creation of theatre and / or dance performances
2. Understand the history of theatre and dance within the context of various cultural traditions.
3. Critically analyze works of theatre and / or dance.
4. Demonstrate competence in fundamental dance and acting performance skills.
5. Demonstrate a high level of self-discipline and personal responsibility.
6. Function cooperatively as members of a performance ensemble, whether as a performer, technician, designer, choreographer, or director.
7. Identify the roles and responsibilities of the various artists involved in creating performance.

8. Identify and critically analyze the major performance, technical, and design elements in a theatre / dance production.
