

**LIBRARY POLICY**

The Mendocino-Lake Community College District Board of Trustees recognizes that the College library is an essential part of the College for delivering support to instructional programs district-wide. To meet academic standards consistent with accreditation guidelines and purposes, the Board of Trustees charges the Superintendent/President or designee with the responsibility for developing and maintaining a working library collection, providing library services to support student learning for each major field of the curriculum at its campus and center locations as well as through its online programs, and maintaining responsive communication with the communities served by the College.

California Education Code, Section 78100
