

MENDOCINO COLLEGE STUDENT LEARNING OUTCOMES: COURSE-LEVEL

SUSTAINABLE TECHNOLOGY

- [SST 162](#) Safety Standards for Construction
- [SST 164](#) Understanding Blueprints, Diagrams and Schematics
- [SST 172](#) Introduction to CleanTech
- [SST 180](#) Construction Fundamentals and Green Building
- [SST 182](#) Residential Remodel and Repair
- [SST 184](#) Building to Code and Beyond
- [SST 186](#) Introduction to Residential Electrical Systems
- [SST 189](#) Introduction to Plumbing
- [SST 190](#) Introduction to Photovoltaics (Solar)
- [SST 192](#) Residential Solar Thermal (Hot Water)
- [SST 193](#) Building Science and Home Performance
- [SST 194](#) Efficient Heating and Cooling
- [SST 195](#) Introduction to HVAC maintenance and Repair
- [SST 196](#) SST Occupational Work Experience Education
- [SST 200](#) Sustainability Overview
