

## English as a Second Language and Automotive Technology

In cooperation with the Automotive Technology Program at Mendocino College, two noncredit courses are offered together in order to prepare ESL students for the workforce.

**AUT 515 “Introduction to Mechanics”** provides ESL students with hands on training in the automotive industry.

**ESL 503 “English for Mechanics”** provides English training for the automotive industry.

These two courses are offered on Friday nights every spring semester, and we hope to offer more such course pairings in the future.

*For more information about the ESL Program at Mendocino College, please contact Sarah Walsh at 707.468.3122 or [swalsh@mendocino.edu](mailto:swalsh@mendocino.edu).*

## New Classes!

Reading and Writing for Multilingual Students  
ESL 13 (Credit) and ESL 513 (Noncredit)

### What are ESL 13/513?

These classes focus on the development of academic reading and writing skills for multilingual students. Students will focus on common challenges and relevant topics for multilingual writers including language learning and the brain, immigration and society, and grammar for writing. Students can take this class for credit (ESL 13) or as a noncredit class (ESL 513). Both classes prepare students for English 85.

### Who should consider taking ESL 13 or 513?

- Multilingual students who have lived in the U.S. for less than five years
- Multilingual students who may not have completed four years of high school
- Multilingual students who have not taken an English class in a few years

### What is a hybrid class?

This class will be taught using Canvas, our online course management system. This class will meet in the Language Lab in Ukiah some, and the rest of the class content will be taught online using Canvas.

## ENGLISH AS A SECOND LANGUAGE PROGRAM

[mendocino.edu](http://mendocino.edu)

## English as a Second Language at Mendocino College

The English as a Second Language (ESL) Program at Mendocino College offers ESL classes from beginning to advanced levels. Through English language instruction, we aim to prepare students to be successful in their lives and in our local community. We accept new students who have never studied English before, and students who come to us simply to brush up on their writing skills.

Classes are offered on the Ukiah campus and also at off-site locations in Ukiah at the Ukiah Adult School and Grace Hudson Elementary School. In addition to classes in the Ukiah area, we offer classes in Anderson Valley, Covelo, Fort Bragg, Kelseyville, Lakeport, and Willits. Classes are offered Monday-Friday, with daytime and evening offerings. The ESL program offers classes for college credit and offers the 500 level courses, which are noncredit classes.

## ESL Noncredit Classes

ESL program noncredit classes cost only \$12.00 a semester for all students. Noncredit classes are open enrollment classes, and students can enroll in noncredit classes after the regular semester deadlines. Students are not required to take a placement test to enroll in noncredit ESL classes. Students can repeat noncredit classes as many times as they want. All noncredit ESL classes can be applied towards the ESL Certificate of Completion.

## ESL Certificate of Completion

Upon completion of the noncredit ESL program, students are eligible to receive a Certificate of Completion from Mendocino College. In order to receive the certificate, students should successfully complete at least two semesters of ESL511.
