# WELCOME FROM SUPERINTENDENT/PRESIDENT KARAS

## Welcome to Mendocino College:

Mendocino College takes pride in being a community college with outstanding academics and exceptional support programs. Our purpose is to provide you with a world-class education so that you too can achieve your goals in life. You are a member of a caring and inspiring learning community. Our faculty, staff, and administrators are committed to providing supportive and empowering experiences inside and out of the classroom that allow you to see your own highest potential as a learner and global citizen. Whether you are interested in pursuing a workforce certificate or a transfer degree, we will provide you with the foundational knowledge and skills you need to succeed. Our students have a long history of going on to fulfill their greatest dreams whether they be in the arts and letters, in agriculture, the sciences, health care, social and human services, business, technology or as a first-responder. Mendocino College prepares students for life in the new economy.

As a result of the social distancing and shelter-in-place measures required to contain the spread of the virus, Mendocino College is offering a “mostly online” fall schedule and has shifted all student services to an all online format in order to provide continuity to our students and their educational goals. As the crisis evolves, we continue to direct our activities in the most effective and health-conscious way possible. See the URLs on page two for up to date information regarding the college and COVID-19, a list of your most frequently asked questions, special announcements, and a directory of all online student support services available to you. There are also helpful tips for becoming a better online student included throughout this schedule. Please use them to increase your success online!

If you’ve not already done so, please contact your counselor to see what classes are available to keep your educational goals on track. Stay enrolled, succeed online! To keep yourself up to date, please visit [www.mendocino.edu](http://www.mendocino.edu) frequently, and check your college emails and the text messages we send with important announcements. We continue to monitor and follow the advice of the State of California, the California Community College Chancellor’s Office, the Counties of Mendocino and Lake, and local public health officials.

We are all here to ensure that you have an affirming, positive, and inspiring journey while here at Mendocino College.

*Welcome!*

Sincerely,

Timothy Karas, Ed.D  
Superintendent/President

## 5 Tips for Succeeding as an Online Student

### Tip #1. Avoid Multitasking

Many people think they can do multiple things at once. But research shows us that only about 2% of the population can multitask. Even if you feel like you're multitasking, you're probably not... really, you're switching between tasks very quickly (some call this "micro-tasking").

#### The downsides of multitasking and microtasking:

- Assignments take longer
- You're more likely to make mistakes
- You'll remember less

#### What to do instead

- Focus on one thing at a time
- Take breaks between tasks
- Focus for 25-50 minute periods and then reward yourself with short breaks

For online/hybrid courses go to [www.mendocino.edu/online](http://www.mendocino.edu/online) for log in instructions & additional information.

## Tip # 2. Making the most of video lectures

- **Stick to your instructor's schedule as much as you can.** Staying on a schedule will help you have a feeling of normalcy and prevent you from falling way behind.
- **Find out how to ask questions.** Is there a chat feature? Is there a discussion forum?
- **Close distracting tabs and apps.** Humans are not as good at multitasking as they think! (See #1 above.)
- **Continue to take notes as you would if you were there in person.**
- **Watch recordings at normal speed.** Research shows that playback speed of 1.5x can lower your retention and can result in lower scores on assessments.

**Tip # 4. Trading your strategies for new ones**

Your routines may have to adjust during this time. Look for ways to adapt your usual habits or form new ones.

**For example:**

- If you usually study in a coffee shop or library, ask yourself what kind of environment helps you study. See if you can recreate that at home.
- If you always study in groups, try a virtual or phone-based study session with your group.
- If you thrive on tight timelines, but now have a more open schedule, think about how working with others or setting up a schedule can recreate that for you.

## Tip # 5. Staying connected to other people

Even if we limit how much face-to-face time we spend with others on campus, connecting with family and friends might be more important than ever. And staying in touch with instructors, classmates, and group mates is still important for continued classwork.

### Here are a few ideas:

- **Schedule video calls with friends and family.** Talking with loved ones is often really helpful when you're stressed or nervous about something. Taking a break to have a laugh is also important.
- **Attend virtual office hours** or study groups so that you can stay up on your coursework.

### Please remember, this will pass.

If COVID has disrupted your travel plans, ended a lab experiment you were excited about, or for any reason feels like it came at the worst possible time, remember: this is temporary. You'll find your way when it settles down. You'll get back on track, and things will get back to normal. We don't know when, but it will happen.

*Until then, take a deep breath, do your best, get some rest, and [wash your hands!](#)*

Apply for financial aid and a Promise Grant early!

## PREREQUISITES, COREQUISITES AND RECOMMENDED PREPARATIONS

It is the intent of Mendocino College to guide students into courses in which they will have the greatest chance for academic success. Therefore, students will find that some have prerequisites, co-requisites or recommended preparation in their description. Following are the definitions for prerequisites, co-requisites, and recommended preparation:

**Prerequisite** - A course requirement that a student must meet in order to demonstrate current readiness for enrollment in a course or educational program. Completion of the prerequisite is required prior to enrolling in the course. Successful completion of a prerequisite course means that a grade of A, B, C, or P, was earned; C-, D, F, or NP grades are not acceptable.

**Co-requisite** - A course that a student is required to simultaneously take in order to enroll in another course. (If a course is listed as both a prerequisite and a corequisite it can be taken before or concurrently.)

**Advisories on recommended preparation** - indicates knowledge or skills that will be of great advantage to a student prior to enrollment in a specific course but are not required. (*Recommended Preparations can be found in the Mendocino College Catalog online*)

### Prerequisite Challenge Procedure

If students feel they can meet the requirements, or one of the conditions listed below exists, and can provide documentation, then they can challenge a prerequisite. A Prerequisite Challenge Form can be obtained from the Mendocino College website or Admissions and Records Offices at the Ukiah campus, Lake and North County Centers. The challenge must be filed in the Office of Admissions and Records no later than the first day of the semester. Criteria for challenging a course are:

1. The prerequisite or co-requisite has not been established in accordance with the District's process for establishing prerequisites and co-requisites.
2. The prerequisite or co-requisite is in violation of Title 5, section 55003 Policies for Prerequisites, Co-requisites, and Advisories on Recommended Preparation.
3. The prerequisite or co-requisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or co-requisite.
5. The student will be subject to undue delay in attaining the goal of his/her educational plan because the prerequisite or co-requisite course has not been made reasonably available.

# Mendocino College General Education Requirements

## Transfer Information

### ARTICULATION

Mendocino College has articulation agreements with the major universities, both public and private. These articulation agreements allow a student to efficiently plan a transfer program in their desired major, in preparation to transfer to a specific university. Mendocino College's articulation with state universities may be found at [www.assist.org](http://www.assist.org). For assistance in interpreting articulation documents, students should see an academic counselor. Students who do not complete preparation for their transfer major may not be accepted to the school of their choice or may extend their time required to graduate.

### TRANSFER PREPARATION

Each institution of higher learning has its own requirements for admission and for junior standing. To prepare for continued education, a student must decide which school he/she is going to attend and learn the requirements of that particular school. In no way does this part of the catalog replace the student need to study the current catalog of the college or university to which transfer is planned. While attending Mendocino College, students who plan to transfer to a university should take the courses required by the institution they are preparing to attend. A list of Mendocino College courses which qualify for baccalaureate credit may be obtained from a counselor or on the Internet at [www.assist.org](http://www.assist.org).

Courses numbered 100 through 199 are accepted by the California State Universities (CSU) and courses numbered 200 through 299 by the University of California (UC), as well as by the CSUs. However, not all courses meet GE requirements.

### TRANSFER TO INDEPENDENT COLLEGES AND UNIVERSITIES

Admission requirements of independent colleges and universities vary. Students should consult the transfer school catalog for specific requirements.

### TRANSFER TO THE CALIFORNIA STATE UNIVERSITY SYSTEM

All 23 campuses of The California State University accept a maximum of 70 semester units of credit in transferable courses completed at a community college. Current admissions requirements are available at [www.csumentor.edu](http://www.csumentor.edu).

The California State University general education requirements are listed in the following section. Mendocino College is authorized to certify at the student's request the fulfillment of these requirements. Some CSU catalogs indicate additional requirements. Each student is advised to consult the CSU catalog of the campus of his or her choice. Catalogs are available online.

### ASSOCIATE DEGREES FOR TRANSFER

The Associate for Transfer (A.A.-T or A.S.-T) is a degree offered at California Community Colleges. Students who earn an A.A.-T or A.S.-T degree and meet the CSU minimum eligibility requirements are guaranteed admission to a CSU, but not necessarily to a particular campus or major. In addition, once at the CSU, if admitted and enrolled in a designated similar degree program, students have the opportunity to complete the bachelor's degree with as little as 60 semester units or 90 quarter units of coursework. See Program section for a complete list of transfer degrees.

## Transfer Information

### CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION REQUIREMENTS

CSU regulations require that to earn a Bachelor's Degree, each student must complete at least 48 units of General Education. Of these 48 units, 9 must be completed at the four-year institution (upper division).

CSU's require students to complete 60 transferable units and all 39 units of the following CSU GE pattern to transfer as juniors. It is also recommended that a student completely prepare for a university major by completing the appropriate coursework at a community college. Transferring without completing major preparation may extend your time to graduation. Many university programs have additional admission and graduation requirements. Refer to the appropriate CSU catalog, or your Mendocino College counselor, for additional information. **Note:** Courses that are multiple area listed are indicated by an (£) and can only be used to meet the requirements of a single area.

## Transfer Information

### CSU & UC TRANSFER GENERAL EDUCATION REQUIREMENTS – IGETC

Completion of Intersegmental General Education Transfer Curriculum (IGETC) prior to transfer (CSU or UC) may fulfill lower-division general education requirements at the receiving institution. All areas must be satisfied, and all courses must be completed with a grade of “C” or better before IGETC can be certified. IGETC is not appropriate for all programs and is not an admissions requirement to the UC system. Consult with a counselor for additional information about appropriate general education courses for your planned major and school.

The UC system recommends major preparation over completion of General Education requirements. Refer to resources such as a UC catalog or your Mendocino College counselor for appropriate pre-major coursework.

Note: Courses that are multiple area listed are indicated by an (£) and can only be used to meet the requirements of a single area.
