

California State University General Education (CSU) General Education (GE) Transfer Requirements 2021-2022

*Revised 8/17/21

CSU's require students to complete 60 transferable units to transfer as juniors. Many university programs have additional admission and graduation requirements. Transferring without completing major preparation may extend your time to earn your CSU degree. (Courses that are multiple area listed are indicated by a £ and can only be used to meet the requirements of a single area.)
