

- 1) For a **major emergency**, call 911. This includes major issues you spot relative to adjoining National Monument Lands and/or the offshore Marine Protection Areas.
  
- 2) In the event of a **minor emergency**, please notify the on-site caretakers Phil Clark (707-357-2129) and Deborah Heatherstone (707-357-4434). You can also contact Ukiah campus representatives at 707-468-3076 or 707-468-3155.
  
- 3) For **general issues/concerns regarding the National Monument** Lands, please contact:

Kay-Leigh Barnitz, BLM Wildlife Biologist, kbarnitz@blm.gov, 707-468-4085.

A note from David Ledig, California Coastal National Monument Manager:

“If illegal activity is observed on the lands, it's OK to get license plates, or photograph from a distance. DO NOT ENGAGE with violators. Sending emails to BLM can shine a light on concerns that there needs to be more [law enforcement] and monitoring for the lands. Do not get involved directly with suspects. Call 911 [for] fastest on the ground response. [Fish and Wildlife] State Parks Rangers, etc. can be dispatched through 911.

Contact: John K Mauer, Field Staff Ranger, 469-4090, jkmaurer@blm.gov”

- 4) For any issues regarding the Stornetta Farms cattle, please contact Larry Stornetta, stornetta4@aol.com, 707-357-0118.
